## ***GBF Purpose Statement***

*We purpose, in obedience to our Lord Jesus Christ,  
to make disciples of all the nations for the glory of God.*

### **MISSION FOCUS**

**LINDSEY BURROWS**- An updated newsletter from **Lindsay Burrows** is available on the table in the foyer.

**BOSNIA**- On June 27th Pastor Tom Pennington and Dennis Kramer will be traveling to Bosnia with Jeff Breitler and Russell Brown from First Baptist Church Medford. While in Bosnia they will be attending the Emek Beraka prayer camp and then visiting several pastors and their families throughout the country before returning back to Oregon on July 9th. Please pray for the trip preparations and that their presence will be an encouragement to the Bosnian Evangelical Church.

**LOCAL OUTREACH**- GBF's local outreach opportunities include the Good News Club (*Periwinkle Elementary School*), a monthly International Student Lunch at Oregon State and Love in the Name of Christ (Love, INC).

- The **Good News Club** meets weekly and currently has enough volunteers working in the program.
- Additional volunteers are needed for the **International Student Lunch**. If you're interested in helping contact Virginia Pullen.
- **Love, INC** welcomes volunteers who would like to share their time and/or talents to meet the needs of others in the community. Volunteers are currently needed to help in the Clearinghouse call center and with the cleaning, sanitizing and delivery of medical equipment. Those interested in volunteering for this ministry opportunity can contact Dean Pindell.

**HAITI**- Haiti is one of GBF's strategic focus mission areas, where we partner with *Haiti Foundation of Hope*. Members of our body serve on medical teams, most recently in November, and help with the beans and rice purchased with monies sent by the GBF body. The March Haiti Foundation of Hope medical team is on the way home today, after spending 10 days in Terra Blanche holding medical clinics. To learn more about the work in Haiti check out the missions table in the foyer. Also, on the table is the current catalog showing many of the current programs in Terra Blanche and the surrounding area and how you can support the work there.
